FINE MORTAR

ファインモルタル

Special Mortar Texture Finish Coating for Interior and Exterior

FINE MORTAR is a synthetic resin thin paint film lightweight finish coating material that reproduces matt and nothingness of mortar texture.

The rich texture provided by combining simple materials with handwork creates a stylish space.

Scan the code to watch the movie for introduction

Features

Low odour during application

Water-based property gives low odour during application.

HCOH emission class

It does not contain formaldehyde, thus it is environmentally friendly.

Fungus and algae resistance

With its special specification, it provides strong resistance to microorganism such as fungus and algae and keeps a hygienic environment for a long period of time.

Fire resistance **Interior**

It is excellent in fire resistance.

High weather resistance, high durability **Exterior**

By applying a water-based acrylic silicone resin clear for Topcoat, it provides excellent weather resistance, dirt resistance and durability. Additionally, fluorine resin clear can be selected. The highly weather-resistant coating film suppresses deterioration due to ultraviolet rays and rainfall, and protects the substrate for a long period of time.

Uses

Interior and exterior walls of buildings, condominiums, hotels, shops, etc.

Suitable substrates

Plaster boards, calcium silicate boards, concrete, cement rendering, various types of board, etc.

* For the rough surface and old paint film, it may not be applicable.

Mortar texture creates a stylish wall surface.

* The actual finish may look different from the printed photos.

* FINE MORTAR may provide substantially different patterns and colours depending upon the application method. Do a patch test, check the pattern, and apply the material.

* The colour number is FMT-00A / FMT-00B.

Standard colours - 12 colours

Frost
FMT-01A/FMT-01B

Mist
FMT-02A/FMT-02B

Squall
